

## REMARKS

Claims 1-60 are pending in the present application. The Examiner rejected claims 1-60 under U.S.C. 103(a). Applicants respectfully traverse this rejection as follows.

Applicants respectfully submit that the cited references, singly or in combination, do not disclose the claimed invention. Specifically, while the Applicants agree with the Examiner that “Yao does not . . . teach . . . Internet protocol (IP) datagram,” Applicants respectfully disagree with the Examiner that Maher allegedly discloses this limitation. There is no mention of using Internet or IP datagram in Maher, neither in Col. 4, lines 25-40, nor in Col. 6, lines 36-46, or anywhere else.

Therefore, since the cited references do not teach at least the above limitation, Applicants request the Examiner to withdraw this rejection and pass the claims for allowance.

### CONCLUSION

In light of the amendments contained herein, Applicants submit that the application is in condition for allowance, for which early action is requested.

Please charge any fees or overpayments that may be due with this response to Deposit Account No. 17-0026.

Respectfully submitted,
